** Check the current and upcoming class schedules on the ITLS website or with your advisor for availability and course options

Your program of study is under the direction and approval of the ITLS program advisor.

Your Program of Study (PoS) is the official agreement between you, the School of Graduate Studies, and the ITLS department, that the courses listed therein fulfill the requirements for the specified degree. An advisor is assigned upon matriculation to the program to guide through the coursework. The culminating experience will be under the supervision of an ITLS faculty member; this is determined each semester on a rotating basis. If there is a specific faculty member you would like to work with for the culminating experience, consult with the ITLS program advisor to make those arrangements.
